Other: _____

Boarding Contract

This is a contract between Dulles Gateway Pet Retreat (hereinafter called "DGPR") and the pet owner (hereinafter called "Owner") whose signature appears below.

1) DGPR agrees to board and care for the Owner's pet during its stay at the Retreat. DGPR shall provide food, water, exercise, and adequate shelter for the animal while boarding. The Owner agrees to pay the rate for boarding in effect on the date the pet is checked into the Retreat. The Owner further agrees to pay all costs and charges for special services requested and all veterinary costs for the pet during the time the pet is in the care of the Retreat. A boarding charge is made for the day the pet arrives, regardless of the time of arrival. There will be no charge for the day of departure if the pet is picked up before 2pm on the day of departure. All first time customers are required to leave a \$75 credit card deposit. DGPR is unable to board new pets without a credit card number on file. Any pet boarding for 15 days or more will automatically be charged to the credit card on file.

2) All animals must be on a monthly flea (or preferably flea and tick) product. If an animal has not had a dose applied in the last 30 days, a member of DGPR's staff will apply the appropriately sized topical Frontline. Any pets who have fleas when arriving for boarding will be treated with a Comfortis™ tablet to kill the adult fleas and will be given a bath to remove the immature flea forms. All of these treatments will be provided at the Owner's expense.

3) All dogs boarding for 7 or more days will be required to receive a bath, at the owner's expense, prior to going home.

4) Boarding may be stressful for some animals. A change in environment, water, different food, as well as a noisy animal next door can sometimes cause stress-related colitis resulting in soft or loose stools. There is no known prevention for this condition. DGPR staff will monitor your pet and if soft stools occur, a manager will contact you if veterinary care is needed.

5) The boarding of animals is subject to Article 3.1 (Section 3.1-796.83:1 et seq.) of Chapter 27.4 of Title 3.1. This states that if your animal becomes ill or injured while in the custody of the boarding establishment, the boarding establishment shall provide the animal with emergency veterinary treatment for the illness or injury. The consumer shall bear the reasonable and necessary costs of emergency veterinary treatment for any illness or injury occurring while the animal is in the custody of the boarding establishment. The boarding establishment shall pay for veterinary treatment of any injury that the animal sustains while at the establishment if the injury resulted from the establishment's failure, whether accidental or intentional, to provide the care required by § 3.1-796.68; however, boarding establishments shall not be required to bear the cost of veterinary treatment for injuries resulting from the animal's self-mutilation

6) Dulles Gateway Veterinary Centre, Ltd., is a licensed veterinary hospital located adjacent to DGPR. Dulles Gateway Veterinary Centre, Ltd., is not owned by DGPR. It is a separately owned business and is available for medical treatment in the event it becomes necessary for the reasons set forth above. Dulles Gateway Veterinary Centre, Ltd., has medical staffing Monday, Friday, and Saturday; it is not a 24 hour facility. If an emergency situations arises outside of Dulles Gateway Veterinary Centre's regular business hours, your pet will be taken to Pender Veterinary Centre / The Emergency Veterinary Clinic of Fair Oaks for medical care.

7) Past due vaccinations and tests will be updated by Dulles Gateway Veterinary Centre, Ltd at the Owner's expense. This is for the safety of your pet. Dogs are required to have DHPP, Rabies, Canine Influenza, Bordetella (every 6 months), and a fecal test. Cats are required to have FEVRTC, Rabies, and a fecal test. It is also recommended that dogs have Corona and Lymes vaccines, and cats have Feline Leukemia vaccines.
