

## Flea & Tick Control Program

- A. All animals must currently be on a monthly topical flea product or preferably flea *and* tick topical product. (i.e. Frontline, Advantage, Revolution).
- B. If an animal has not had a dose applied in the last 30 days, a member of the Dulles Gateway staff will apply the appropriately sized topical Frontline for a charge of \$16.00.
- C. Upon arrival, a member of the Dulles Gateway staff will inspect each pet for ticks, fleas, and flea dirt. If ticks, fleas, and/or flea dirt is found, the animal will be given the appropriate dose of Comfortis (to immediately kill the fleas). The cost of the Comfortis is \$14.00. In addition, Frontline will be applied, for a charge of \$16.00, to control fleas and ticks for 30 days.

**I agree with Dulles Gateway Pet Retreat's Flea and Tick Control Program**
